Dear Sister Josie:-

I will try and write a few lines to you. But my arm is getting tired and I have told all the news to Ma & Lis so I can't write a very long letter this time. It is pretty cold here now for the last few days. I was out to Minnies last wk. They are all well and Hazel is growing fast. Pa and I are going up on the Mt. to work some mine monday I dont know how long it will take as or how many we have to work. I washed dishes for Hacker

last night. He wanted me to work all winter but there ain't enough in it for me. I saw Ella Hoeckel the other day she is clerking in the drug store. It ain't very often you see any one here I don't think there is any body in the town. Lu Thelde Tuck went against us. Well I think the workers had enough any way. I am glad Mack resigned. The rooms have. I will be ready to come back as soon as I come from the hills. I have told all I can think of so I will close. Hoping to hear from you all soon.

Love to all.

Charlie.
